## **SHANNON AIRPORT (EINN) - PAVEMENT RECONSTRUCTION WORKS ON WEST, CENTRAL AND EAST APRON AREAS**

Commencing in October 2025, for a period of approximately 3 months, reconstruction works will be carried out to damaged pavement on the West, Central and East aprons, mainly in the vicinity of the apron taxiway centreline marking. The work areas (Area A to G) are depicted in Appendix 1.

### **Areas A to E:**

Reconstruction works in these areas will be carried out between 17:30 and 05:30 (Local time), Monday - Friday, for approximately two months, to minimise the impact on aircraft operations.

### **Areas F & G:**

Reconstruction works in these areas will be carried out between 09:00 and 16:00 (Local time), Monday - Friday, for approximately one month.

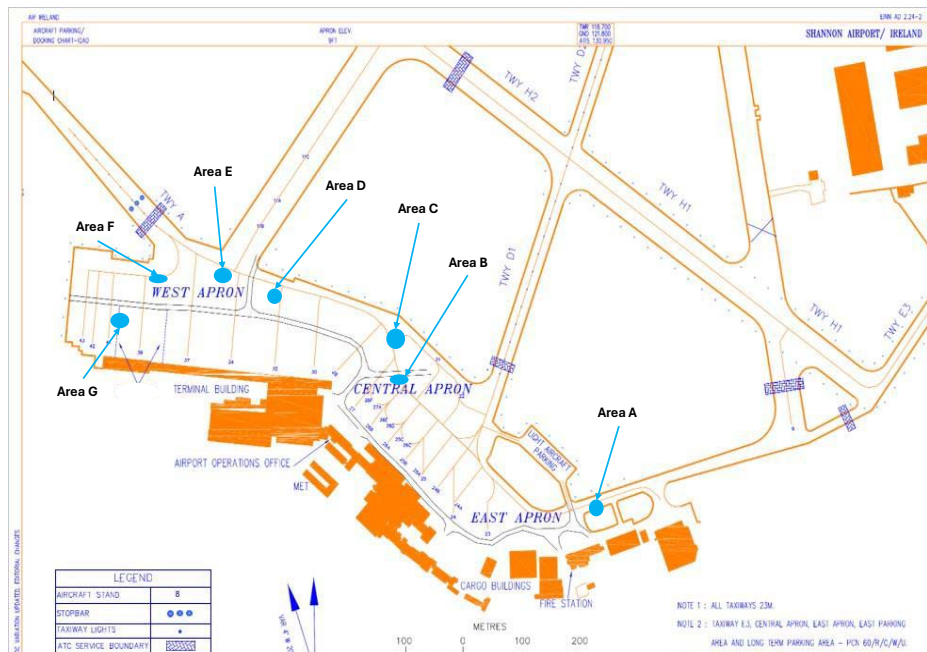

### **Operational Implications:**

1. Changes to aircraft taxiing routes to and from Runway 06-24 may be necessary during working hours, depending on the specific location of the works.
2. Stands 39, 41, 42, and 43 will be temporarily closed during works in areas F and G.
3. The exact operational restrictions will be promulgated by Shannon Airport Airfield Notice (SAAN) and /or NOTAM as required, with reference to this Supplement.
4. Aircraft movements on the apron during work periods will be co-ordinated and promulgated locally via SAAN.
5. If low visibility conditions occur, or are forecast to occur during planned working hours, reconstruction works will not be carried out.

Exact dates and times of works will be promulgated by NOTAM with reference to this Supplement.

Note, times and durations may vary during the course of the works and within work areas.
